### Board Votes to Conduct Track Meet Fund Drive

Governing Body Approves Motion to Raise Money by Ticket Sale Campaign; Earmarks First \$100 for Varsity Expenses

Central board yesterday voted to raise \$500 for the Inter-scholastic track meet by a student ticket sale and ear-marked the first \$100 in excess of \$500 to defray the track team's expenses to national meets. Derek Price, ASMSU business manager, proposed the matter at the suggestion of Harry Adams, track coach, and Dr. J. P. Rowe, professor of geology, chairman of the meet.

All profits in addition to the \$600 will automatically go into ASMSU general fund. Papers will be circulated for students to sign authorizing \$1 to be taken from their \$10 fund deposited at the beginning of last quarter. Tickets for the three days' meet will cost students \$1.75 if they do not sign in advance.

#### Submits Budget

The advisory board of "The Vagabond King" tabled action on a budget submitted by Marcus Bourke, Miles City, executive manager, and asked Bourke to obtain the opinions of Directors John Crowder, dean of the School of Music, and Larrae Haydon, instructor in dramatics, as to whether there should be three or four operetta performances.

Central board had previously referred the matters to the advisory board of Earl Fairbanks, Lima; Kirk Badgley, university auditor; Bruce Ann Radigan, Shelby; Rae Greene, Chicago, and Price.

#### Bourke Recommends

Bourke recommended that the number of performances be decided soon because state publicity (Continued on Page Four)

### House Refuses To Cut Money Bill

Complications in the Greater University of Montana appropriations bill arose yesterday when the senate approved a \$35,210 reduction from the original bill, \$30,000 of which comes under the university's allotment. The house, however, refused to concur and the bill now awaits action by a joint committee.

The original bill, which was passed by the house three weeks ago, calls for an increase of \$65,200 for each year of the coming biennium to be allotted to the university and a total expenditure of \$2,687,580 for the entire university system, an increase of more than a quarter million dollars.

Senate reductions for the Greater University totaled \$35,210 for the two-year period. Under this, university funds would be cut \$15,000 a year. Increases for Montana State college at Bozeman, Northern Montana college at Havre and Eastern Montana Normal at Billings were approved by the senate.

In the appropriation amendments for the university, the total provided for adjustments and partial restoration of salary decreases was cut from \$32,200 to \$15,000 and for restoration of cuts of employees' salaries from \$6,240 to \$3,240.

### Men Plan To Move Into Co-op

Nineteen Will Occupy House on Daly Avenue In Spring

Nineteen men will live co-operatively during spring quarter in the house at 540 Daly avenue, Al Hughes, Belvidere, N. J., chairman of the organization committee, said last night in revealing plans which have been formulated by a committee of those planning to live in the co-op house.

The committee voted Monday night to lease the house known as the "Campus Corner," because of its location and complete equipage, Hughes said.

#### Cooks Are Chosen

No attempt will be made to board anyone living outside of the building unless he wishes to become a co-op member. Cooks appointed for spring quarter are Bob Conn, Seattle, Wash., who has had 18 months' experience cooking for crews, and Frank Bailey, Ekalaka. The Home Economics department will give advice on menus.

Cost of living in the co-op was estimated by Art Martin, Carlyle, at \$18 per month, plus a breakage fee which will be returned at the end of the quarter. However, the minimum of 25 men will be needed to utilize the rooms and equipment, Hughes said.

#### Co-op Pledges

Those who have pledged to live in the house are George Dixon, West Hazelton, Pa.; Glen LaPine, Watkins; Frank Bailey, Ekalaka; Ronald Schulz, Big Timber; Bob Conn, Seattle, Wash.; Victor Archer, Grass Range; Art Martin, Carlyle; Tony Harlow, Pinehurst, N. C.; Dick McElfresh, Wolf Point; Gordon Holte, Lambert; Warren Reichman, Wilsall; Carl Isaacson, Plentywood; Jay Plumb, Roy; Dwayne Raymond, Malta; Oliver Maki, Montreal, Wis.; Rudy Cebull, Klein; Vic Lelek, Roy, and Al Hughes.

#### ENGLISH DEPARTMENT TO BE DISCUSSED

The functions and objectives of the English department will be discussed on the Campus Congress KGVO broadcast at 8:30 o'clock by Carol Rowe, Helena; Frances Harrington, Butte; Dr. H. G. Merriam, professor of English, and Chairman Eileen Deegan, Missoula.

### NYA Conference Will Convene Here Next Month

Plans for the state National Youth Administration conference which convenes in Missoula next month were discussed at the weekly meeting of the Social Work laboratory yesterday afternoon.

Wanda Williams, Boulder, chairman of the NYA group of the laboratory, explained briefly the main functions of the NYA program and introduced Ruth Eastman, local NYA youth personnel director, and Walter Mahler, NYA area director, who discussed problems facing state NYA projects administrators.

Mahler and Eastman were informed of several plans for the coming conference. Members of the university laboratory group may be invited to attend conference sessions, Miss Eastman said.

Next week's meeting will be in charge of the administrative group, Grace Jean Wheeler, acting chairman of yesterday's session, announced.

### Ryan Chosen SU Assistant

Ray Ryan, Big Timber, sophomore business administration major, has been hired as student assistant in the Student Union office, Grace Johnson, manager, announced yesterday.

Ryan replaces Jack McBride, Missoula, who recently received a Civil Service appointment to the War Department at Washington, D. C. McBride was hired in January when Arnold "Hank" Andregg, Helena, former student assistant, was called to active army duty at Fort Benning, Ga.

Ryan's former job at the Student Union fountain has been taken by Hugh Edwards, Butte.

### Armon Glenn Announces Applicants for Degrees Spring Quarter

Business Administration Leads Prospective Graduating Class, Foresters Rank Next; Fewer Applications This Year

Three hundred three seniors have applied for bachelor's degrees for spring quarter graduation, Armon Glenn, secretary of the committee on admission and graduation, announced yesterday. Eighty-five have applied for the university certificate of qualification to teach.

### College Wins Minor Sports Meet

Montana State college won the annual minor sports tourney from the university last night in Bozeman by a score of 76½ to 56½. This is the fourth time the Bobcats have won the tourney, which began in 1931, while the Grizzlies have copped the title five times. There was no meet in 1933. Last year the Montana university men won the tourney 85 to 54.

University tankmen won the swim meet by a single point, 38-37. Bobcats ran away with the boxing, 19½ to 4½ points, and came out ahead by six points in the wrestling, 20 to 14.

Contestants were fairly evenly matched and all boxing and most of the wrestling matches went the full time. University tankmen copped first places in all but the 440-yard relay.

#### Swimmers Win

Bottomly, King and O'Hare came through in fine style to win, but the Cats swam for all but one second place and several thirds. In (Continued on Page Three)

The School of Business Administration leads the prospective graduating class with 61. The forestry school ranks second with 39 applications, and language and literature third, with 30. Three hundred eighteen applied for degrees last year.

**LONDON**—Diplomatic relations between Britain and Bulgaria broke off this morning. British Minister George Rendel asked for his passport and will leave immediately. Previously he had described the break as "the first step toward dragging Bulgaria into this war."

Shortly before noon here, Nazis were flying over, but no bombs fell. Last night most raiders went to south Wales and stayed till early morning. Reports say RAF activity indicates large-scale operations are getting into full swing.

**ANKARA**—Turkey is saying nothing, and no new military moves are reported in the Balkans. In her note to Turkey, Germany may have taken a cut at the Soviet. Informed diplomats said the note asserted Germany was the only power who could "protect Turkey against the historic designs of Russia."

**WASHINGTON**—Debate on the lease-lend bill ends this afternoon, then talk on amendments begins. The administration hopes to speed action and take the wind out of amendments with counter-amendments. Speaking this morning, Senator Tobey, New Hampshire, said if the bill passes "Roosevelt will be the war lord of Europe."

## KAIMIN COLUMNS ARE OPEN TO THE STUDENT BODY

The new publication that appeared unheralded on the campus Monday morning stated that it would "put into print NEWS that the conservative Kaimin is afraid to print." The editors also wrote that the Kaimin is failing to give the students a real college newspaper and said they doubted whether the editor knew how to run a newspaper.

Possibly the anonymous writers of the mimeographed sheet were right when they said the Kaimin is conservative, but we would like to know what news the Kaimin is afraid to publish. We print news as we see it. Undoubtedly we make mistakes, ones made because of poor judgment or ignorance, but certainly not because we are afraid to print news.

Everyone has the right to express his or her own opinion. If any student thinks the Kaimin is failing to give the students a real college newspaper, we suggest that he take advantage of our columns to tell us and the student body what is wrong. We welcome communications and our "My Say" department is open for opinions on any subject. However, all communications and "My Say" contributions must be signed. It does not take much courage to hide behind anonymity.

## Student Fund Aid Movement Is Organized; Goal Set

Grace Jean Wheeler, Ronan, and Everton Conger, Missoula, were chosen co-chairman Sunday to head the World Student Service Fund campaign committee, a newly formed organization of students representing various campus organizations. Lucille Williams, Missoula, was elected secretary-treasurer.

WSSF is an organization to raise funds for world student aid in the United States, Europe and the Orient. The funds raised would go to student prisoners-of-war, internees and refugee students in the United States.

### Many Groups Represented

The university committee is composed of representatives from Interfraternity council, Pan-Hellenic council, Spurs, Bear Paws, Newman club, Inter-Church conference, International Relations club, Kaimin, Mortar Board, Social Work laboratory, Mavericks, M club, Silent Sentinel, Central board and Convocations committee.

Tentative plans for the organization were drawn at the meeting Sunday. Several plans for raising funds which would allow all students an equal opportunity to contribute were discussed. The campaign would last through the Lenten season, ending at Easter. A quota of \$100 was set by the committee.

### SCA Will Serve Thursday

So that unaffiliated, dormitory and Missoula students might have opportunity to contribute, the Student Co-operative association will serve an international meal, Mexican tamale pie, in the Bitter Root room at 6:30 o'clock tomorrow for SCA members and any other interested students. The minimum charge for the meal will be 15 cents. Contributions will be accepted. One hundred people is the goal set for the meal.

## :: MY SAY ::

By ROBERT ROBINSON

Late last quarter some of the more enthusiastic university skiers attempted to devise a plan whereby all of the students who were the least bit ski-minded could share the enjoyment this sport offers. (It is as much fun the first time as it is after you have learned all of the tricks.) As a result of this little get-together there merged plans for a University Ski club.

To start things going these few, (pioneers should we say?) spread the news as far as possible. It was assumed that by getting such an organization going we could get transportation to ski sites at much reduced expense. After getting there those who knew skiing could assist the beginners, and all in all it could progress as a single unit, one for all and all for one.

The athletic department agreed to pay the necessary fee to make them members of the Northern Rocky Mountain Ski association and thus automatically becoming a member of the National Ski association. Immediately on becoming members of these associations they were urged to organize a ski team to participate in the scheduled meets in the Northwest, and so pressure was put to bear on that angle.

All possible effort was made to get university skiers out for try-outs and those showing up could be counted out of the members who were in on this at the beginning. Lately some statements of ridicule have been passed concerning the manner in which this was done. It is more or less inferred that the originators of this new organization are acting as a clique. Far be it from that. They are victims of circumstance. If five show up to try out for a five-man team they pick the best five, with no partiality, and thus make up that team.

No group can call themselves an organization and show partiality, and this ski club is no exception.

## Spriggs Starts Redecorating Stage Walls

### Cheerless Atmosphere Changed Considerably By Bright Paint

For years the bare cement walls of the backstage portion of the Student Union theater have remained gray and cheerless, chilling the atmosphere and depressing the beholder. But now, "them days is gone forever." Edison Spriggs, Kalispell, stage manager and scene technician, has fixed that.

Spriggs recently took time off between "The Merchant of Yonkers," winter quarter major production, and "Idiot's Delight," forthcoming spring quarter major, to redecorate the walls of the stairway corridor between the scene-dock and the understage carpenter shop.

Now two of the three cement panels are bright orange with a wide black band around the middle, and the center panel is deep blue, decorated with white planets whirling about through space. Even though this color scheme has brightened things up considerably, Spriggs is now considering a blue ceiling sprayed with silver paint, with perhaps a dash of gold here and there, to give the effect of a summer sky.

## Murphy Offers Night Class In Shakespeare

Dr. Dennis Murphy, assistant professor of English, will open a four-credit extension course in Shakespeare Thursday night, Mary Margaret Courtney, extension division secretary, announced yesterday.

Designed especially for teachers and other townspeople, the course will include lectures and discussions based upon the works of Shakespeare. Members of the class will study a comedy, a tragedy and either a history or a chronological play. Meetings will be at 7 o'clock every Thursday in room 103 of the library.

A fee of \$10 will be charged each person taking the course for credit, while non-credit listeners will be charged \$5. There are no prerequisites for listeners, Miss Courtney said.

## Army Discloses 2,400 Will Qualify As Flying Cadets

During the next few months, 2,400 men will qualify for appointments as army flying cadets, a dispatch from the United States War Department, Washington, D. C., disclosed recently. Classes will start every five weeks.

College men are urged to complete their educations before applying, although men may submit applications and take physical examinations now.

# Montanans Split Year's Games

Finish With a Flourish  
Offsets Slow Beginning  
For Grizzlies

In spite of a disastrous start which netted only three victories against 11 defeats, Montana's basketballers found the winning track in the second half of the season and finished the year even with the board, winning 14 and losing 14.

The Grizzlies won the state championship for the third straight year and whipped the Bobcats four in a row for the second consecutive year. The four victories gave the Grizzlies 10 straight victories over the State college, beating the old Golden Bobcat mark of nine.

## Win Three from Bulldogs

Coach Dahlberg's tossers extended their supremacy over Gonzaga to three years by defeating the Bulldogs three games out of four. After returning from a losing tour of the midwest, the Grizzlies traveled to Seattle and upset the Washington Huskies in the first game 47-41. The Huskies downed Montana the second night 39-31.

The Dahlberg men beat Idaho Southern Branch three out of four, winning the Missoula games with ease. In Pocatello, Montana took the opening game but faltered in the first half of the second contest as the Bengals ran up a 23-8 lead. The Grizzlies' brilliant second-half fell one point short.

## Lose to Hamline

The Grizzlies opened the season in December against Hamline university, losing 45-30. December 10 and 11 found the Montanamen dropping games to Washington State, 57-30 and 44-39. The Cougars went on to win the Northern division of the Pacific Coast conference.

Montana's first victory came when Willamette university invaded the Grizzly den December 20. Then the Silvertips left on their jinxed tour. Dahlberg started with 10 men but before the road trip was finished three had returned to Missoula with injuries. The Grizzlies finished the trip with seven men and the Grizzly mentor himself caught the flu.

## Split Series

The tour opened with Montana dropping a game to Brigham Young in Livingston, 47-41. The Grizzlies stopped the BYU five in Billings the following night, 48-44. In Miles City Montana easily downed the Custer Independents, 69-35.

Then followed injuries and seven straight defeats at the hands of the best clubs in the middlewest. Superior Teachers, Minnesota university, Iowa State, Jamestown college, North Dakota Aggies, North Dakota university and the Bismarck Phantoms all handed the seven-man Montana team crushing defeats before the Grizzlies hit the winning road against Washington.

## Frosh Beat Foresters In Rifle Match

Freshman No. 1 defeated the Forestry Rifle team, 1,041 to 1,011, in a Garden City Rifle association match on the ROTC Rifle range Monday. Wells Cahoon, Greenough, shot high with 270.

The scores:  
Forestry—Boe, 245; Bailey, 245; Cahoon, 270, and Edwards, 251.  
Freshman No. 1—Meigs, 255; Taylor, 268; Young, 254, and Giffin, 264.

# I'm Right---You're Wrong

BY K. KIZER

Last night the new Missoula Ski club met in Main hall. That's news in itself, you know, since the near-defunct organization has been struggling along all winter long completely on its own. And its own consists of about a half-dozen kids here on the campus who are working their hardest to get something done in the way of a live-wire organization. Anyway, they met. Nothing much was done but Bob Severy, ace campus skier, initiated a move that will probably grow in interest during the next eight odd months.

According to Severy, if the proud city of Missoula can get together enough people with the proper amount of pressure to bear, the Forest Service will send a locating crew into the Marshall gulch area to estimate the cost and construction of a 22-foot highway into Marshall bowl, up behind Mount Jumbo. There is only one thing that stands in the way of Severy and his cohorts and that one thing is SUPPORT. There is no reason why students and townspeople have to travel over a hundred miles to find skiing on Gibbons, Logan or Lookout passes when, within 15 miles of the city limits, there are conditions leading to four four-mile downhill runs and one one-mile slalom course.

And those of you who have frequented Marshall bowl know this to be true. There is room enough for six operating lifts with no crowding at the top. Four Class A runs, much better than the Hell-roaring course at Whitefish. Snow from mid-December until May. And you and you and you can have all this by giving a little time and interest to the embryonic Missoula Ski club.

The proposed road will leave the valley at either Woods or O'Brien gulches, travel around the east side of the bowl to the top. It will be out of the heavy snow most of the way, being constructed with a less than 5 per cent grade throughout. The USDA will construct it and the county will maintain it—all for just a little enthusiasm on your part.

This proposed road will be built, if the support is obtained, starting this summer and will be completed by next fall, ready for the 1941-42 snow season to start. The road will lead up to slopes gentle for beginners to the steep-hang slopes for the experts. Experienced skiers will be ready, willing and able to help instruct the novice. In other words, it's a strictly communistic affair—everyone has a part in it and everyone helps everyone else. It is a good deal and anyone who is even minutely interested in the winter sport should get behind the new club and show

# FBI Is Open To Students

Bureau Will Accept Applications from Men With Degrees

Federal Bureau of Investigation officials, having been authorized to increase FBI personnel, will consider student applications for the positions of special agent, laboratory technician, student fingerprint classifier, stenographer, typist and messenger, law school officials learned recently.

Especially desired as special agents are men who possess degrees in law or accounting, although the bureau will consider men who have B.A. or B.S. degrees.

Applicants must be men of good character who have reached their twenty-third but not their thirty-sixth birthdays on the day the application is filed. Those who apply must undergo a rigid physical examination.

Managers' club will meet at 9 o'clock tonight in the Central board room.

the foresters of Uncle Sam that there is enough support to warrant a locating crew at least.

Minor sports are funny, you bet me. Here the M club puts on a good tourney, the best yet. Harry Adams takes a bunch of boys under his wing and gives them every chance to prove their prowess in the ring and in the water. Then when the intra-mural finals are over and the tournament comes with the Bobcats, most of the kid say that they can't go. Now, if they wouldn't be permitted to go, they'd squeal their heads off. "Geez, Harry, we can't go. We gotta study." They haven't worried about that all quarter long; why start now?

# Registrar's Office Sets Deadline

Henrietta Wilhelm, assistant registrar, announced yesterday that students withdrawing from a course after next Saturday will receive a grade in the course.

As student handbooks state: "When a student withdraws from a course after the ninth week, he will receive one of the regular grades as follows: (1) a passing grade if the work of the course has been completed, (2) otherwise an incomplete grade, a condition, or a failure, according to the judgment of the instructor. Students who withdraw from the university are ordinarily given grades of 'W', which carry no credit."

should be released immediately. The extra performance has been suggested because complimentary tickets will be given to about 600 interscholastic guests on the final night.

The board left the formulation of a student policy in relation to the musicians' union to the discretion of a special committee appointed last week. Greene asked Central board whether a general statement or an itemized statement similar to one drawn in 1938 would be preferable. Members of the committee are Edwin W. ## Home Ec Supervisor Confers With Gleason

Edith Harwood, state supervisor of home economics education in Montana, will confer this week with Helen Gleason, professor of home economics, on problems of joint interest.

While here she will visit the Teaching Center at Stevensville and will see the plans for the home economics addition to the Missoula high school. Juniors and seniors in home economics are asked to meet Miss Harwood at a tea in the Home Living Center Friday afternoon.

## Actors Hear Mock Debate

The age-old question of the supremacy of men over women or vice-versa remained unsettled last night after the mock debate given at a joint meeting of the Masquers and the Debaters' club. Charles Cerovski, Danvers, and Roger Wilcox, Drummond, dressed in feminine attire, defended the women, while Eugene Salisbury and Fred Baker, both of Missoula, took the men's side.

Charles Lucas, Lewistown, attired in a flowing evening gown, opened the evening's entertainment by delivering a satiric dialogue, "The Waltz," by Dorothy Parker. After the debate, the Masquers presented a short skit entitled "Yellow Fever," starring Effiellen Jeffries and Boyd Cochrell, Missoula, and Joe Gans, Helena.
